BRADFORD 9

25th July, 1963.

Mr. Owen Staley,
33 Ripon Rd.,
HARROGATE.

Dear Owen,

I had wanted to have a word with you at the meeting last night about the arrangements for the Glasgow to London Marchers on their visit to Bradford. As I was unable to do so due to the fact that I had to leave early, I now enclose the itinerary with this.

As you will see, there is one variation so far as Friday is concerned. We cannot arrange a meeting in Lister Park due to the fact that the site there is already booked and so we are endeavouring to obtain Shipley Glen as a site.

I have also quoted the name and address and 'phone number of Maurice Bennett who is in charge of the arrangements when the marchers arrive in Bradford. I shall, of course, be away on holiday.

So far as private hospitality is concerned, we have secured hospitality so far for 9 marchers and we hope to secure more private hospitality. As to the people for whom we cannot obtain private hospitality, they can sleep at the Left Club which is quite comfortable and where there are cooking facilities.

Very best wishes and greetings,

Yours sincerely,

Alick Southcott
